ABOUT ERISCO

Why Choose Erisco?

Over 70 years in business • Sales representatives in many geographic areas • Complete certification capabilities • Specialists in small, medium and large size production orders • Skilled labor force • Committed to cost reduction programs maintaining a safe, state of the art 150,000 square foot manufacturing facility • In house CAD tool design • Privately owned by the Zacks family • Facilities in Erie, PA and Monterrey, Mexico

A Total Commitment to Quality

Erisco's dedication to total quality and continuous improvement is shared by all of our employees. We have 100% traceability from raw material through finished product. Our production area utilizes a unique shop floor data collection system with full statistical

process control. Erisco's management system has been certified to ISO 9001:2000.

Quotations – Quick and Complete

Fast turnaround time: 1 to 3 days for most parts; 7 to 10 days for special requirements of coatings, heat treating and purchased/sub-contract components. All quotations are tracked within two weeks to ensure your full satisfaction.

Service From Start To Finish

To Erisco, service begins with your inquiry and continues through customer acceptance of the end product. If we have questions, we ask them upfront to eliminate errors at the time of order entry. EDI transmission of data is available. A customer service specialist will

be assigned to you for smooth transition through the sampling, production and delivery phases. Finally, your satisfaction will be constantly monitored and evaluated as necessary. Repeat business and customer confidence is crucial for our continued success.

MARKETS WE SERVE INCLUDE:

Appliance • Automotive • Furniture
• Heating and Ventilation • Housewares/Consumer Products • Electronic
• Medical • Recreation and Marine Vehicles • Recreational (Sports) Equipment • Outdoor Power Equipment – Lawn and Garden • Toys • Industrial Products • Refuse Containers

Why Choose Wire Products?

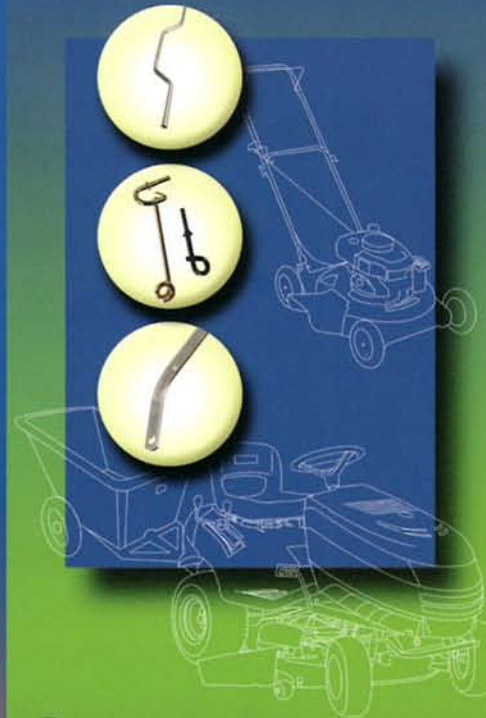

Attractive appearance • Lower cost • High reliability • Durability • Lighter weight • Greater strength

We Form Wire Relationships, One Part at a Time.
